Model ST-1250

OVERVIEW

The ST-1250 is our most popular and versatile model. With our intelligent system controller incorporated into its stainless steel enclosure, the ST-1250 gives you the flexibility of using it in stand-alone applications as well as integrating into other systems. The ST-1250 is capable of handling a wide variety of products, from single sheets to thick magazines.

APPLICATIONS

- Collating
- Batch Counting
- Accumulating
- Automatic Wrapping
- Tip-On / Affixing
- Kit Fulfillment
- Package Inserting
