

Envelope Printers - Secap 22K

Direct Addressing Has Never Been Easier

Improving the productivity of your office can be accomplished with the 22K. Addressing is no longer a time-consuming task. The 22K processes up to 22,000 pieces/hour printing address, barcode, graphics, logos and more, directly onto your envelopes and mail pieces. You can also add spot color to help your mail get opened and read! With the ability to handle a wide range of media, your outgoing mail can be printed in-house with a professional look and professional results! The small footprint of the 22K allows this desktop unit to adapt easily to an office, mailroom or print environment.
